

LEFT

**BASE
CENTER**

RIGHT

This template is setup at 20% scale of full size.

Artwork should be supplied:

- With fonts outlined
- As PDF (preferred), AI or EPS
- With all guides and marks removed

The small areas indicated by the guides at the top and bottom of the base will be completely concealed by the unit. Only use these areas to bleed any background colours or images.

The central area will become the front graphic. The left and right areas will become the sides and will only be visible from the sides of the unit.

Please note the gutters between the center and side graphics. These areas (7mm width) will not be printed and will instead be used as gutters for the folds of the corners.

Please make full use of the bleed area and include this along with crop marks when exporting your print-ready file(s).
